You decide who you want to share your files with. You can upload any type of file (movies, music, documents, images, zip files and more). This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. If only we could, we surely would! On the other hand, using file can actually save you money. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferredbetween your computer or phone and our servers, then from our servers to your friends device. You don't need any special software installed to be able todownload your files. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. So tryour free and simple filehosting service now. Our service is completely free for everyone. Keep your files private, or send your download links only to friends orfamily. We have no file size limit. Simply upload your file and share the link. There are no restrictions on the number of times a file can be downloaded. Noaccount or credit card is required to get started. Any file in any format can be uploaded and downloaded for free. Unfortunately, we can't make that part free. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. filehosting provides an easy possibility for you to send largefiles to your friends. You can give this download link to your friends by mail or instant messenger. Files can be downloaded from any computer from our highspeed servers. It is also allowed to link to the download page from websites and communities. Alternatively you can choose to share your download links onblogs, forums and social networking sites. Using file, you can circumvent those limits without paying to upgrade your team chat service. Just upload the f
